UNLEASH YOUR PASSION

FOODIES DELIGHT

Master Chef Challenge — Official Rulebook & Tournament Guidelines

City Rounds ► Zonal Championship ► National Finals — Mumbai

Prepared & Managed by **SPORTSBOX** — Championship Management Partner • sportsboxind@gmail.com

READ THIS FIRST — HOW POINTS WORK IN THIS GAME

Before the rules, understand what every Foodies Delight player is playing for. HAH Season 9 runs on THREE kinds of points — every point is recorded against the player's HC9 ID and shows on their Player Report Card on the championship website.

#	Points Type	How You Earn It	Points
1	Participation Points	Just register and play — every player earns these. Men: 100 • Women (On Total Participation) - Points Awarded to City / Zone Leader	100
2	Winning Points	Finish in the Top 4 of this event — fixed points by final position (see breakup below). Points Awarded to Player	50 / 30 / 20 / 10

Winning Points — position-wise breakup (same in every game):

Winner (1st)	Runner-Up (2nd)	3rd Place	4th Place
50	30	20	10

Why Winning Points matter: Winning Points from every game are added up into the player's TOTAL score. This total is counted at the City level and the National level only — and it decides the Best Male HAH Champion and Best Female HAH Champion of the championship. The more you participate and win, the higher your total climbs.

This 3-point system is identical across all Season 9 games. City Leaders and Zone Leaders additionally earn credits for every registration they drive. Point values are subject to final approval by the HAH Organizing Committee.

ABOUT THIS EVENT

Foodies Delight is the culinary showcase of HAH Championship Season 9 — a Master Chef-style challenge for anyone who loves to cook. This is an individual event, judged on taste, presentation and execution as participants advance from home kitchens at the City level to live, in-person cook-offs at the Zonal and National stages.

1. Event Format

This event is open to individual participation only.

Level 1 — City Level

- Prepare a dish from home and present it to the Jury on the date notified for your location (communication will be sent by Mentors / Influencers).
- Based on the scores and voting by the Jury, the Master Chef of that specific location will be selected.

Level 2 — Zonal Level

- The same dish, or a new dish, is to be prepared for the Zonal level.
- This must be cooked and presented to the Jury in person (exceptions may be made in case of regional constraints).
- The Jury will vote and share scores.

Level 3 — National Finale

- The employee is free to change their dish for the National Finale.
- The Jury will vote in person.

2. Time Limit

- Preparation and presentation must be completed within 1 hour 30 minutes.
- Half of the preparation — chopping, boiling, etc. — can be done in advance.

3. Jury Evaluation Criteria

Criteria	What the Jury Looks For
Taste and Flavours	How well the dish tastes and how the flavours come together.
Presentation / Creativity	Visual appeal and originality in plating and concept.
Execution	Technique, consistency and overall cooking skill.

4. Additional Guidelines

- At every level, Jury scores and votes will decide who advances and who earns the title of HAH Master Chef.
- Participants are allowed to describe their dish on an A4 size paper for the Jury's reference.

PLAY HARD. PLAY FAIR. UNLEASH YOUR PASSION.
